Summary of Qualifications

Results-driven Java developer with 3+ years of experience designing and developing software solutions tailored to client needs. Proficient in Java ecosystems, full-stack development, and API implementation. Adept at automated testing, QA methodologies, and CI/CD processes. Skilled in collaborating with cross-functional teams, ensuring scalable, responsive, and maintainable code. Passionate about problem-solving, continuous learning, and delivering high-quality solutions within Agile environments.

Technical Skills

Programming Languages: Java, JavaScript, HTML, CSS

Frameworks & Libraries: Spring Boot, Node.js, React

Databases: SQL, MongoDB

Testing Tools: Selenium, Mockito, JUnit, Cucumber, BrowserStack

APIs & Tools: Restful APIs, GraphQL, Postman, Jira

Cloud Platforms: Azure Cloud Services

Other Tools: Git, Splunk, CI/CD Tools, Manual Testing

Professional Experience

Wells Fargo | Software Engineer | February 2023 – August 2024

Technologies: Java, Spring, Selenium, Splunk, GraphQL, BrowserStack

- Developed and integrated source code into CI/CD pipelines using GitHub for version control.
- Conducted unit and integration testing using JUnit and Mockito frameworks.
- Implemented BDD test scenarios with Cucumber to improve collaboration between teams.
- Utilized Splunk to monitor system logs, diagnose errors, and identify data patterns in production environments.

- Provided production monitoring and supported other teams in troubleshooting system issues.
- Contributed to an Agile team environment, ensuring timely delivery of project goals and milestones.

Infosys | Digital Experience Senior Associate | March 2022 – November 2024

Technologies: Java, Spring, SQL, React

- Collaborated with clients to understand technical requirements and develop software solutions.
- Partnered with external development teams and vendors to ensure seamless integration of features.
- Stayed updated on industry best practices and applied them to software development projects.
- Delivered maintainable, scalable, and cross-browser-compatible code.
- Played an active role in Agile ceremonies, ensuring alignment with project objectives and team goals.

Education

Bachelor's Degree in Computer Science

San Francisco State University | 2021
